# Data-Only Plans for Customers, Communities & Businesses

Plum's Data-Only Plans provide reliable and secure cellular data connectivity in mobile and fixed applications for personal devices, or to support the infrastructure connecting businesses and communities on the largest 5G network.

## Mobile Data and Fixed Wireless Connectivity

Need a reliable wireless data provider for your business? Plum's Data-Only Plans provide connectivity solutions to fit a range of bandwidth needs from startups to enterprises. Plans deliver reliable connectivity to power many mobile and fixed wireless data applications. No matter your size or requirements, Plum has flexible wireless solutions for your unique needs.

We offer pooled and customized plans to help streamline operations, save money and give you peace of mind. With our pooled plans, you will receive a plan that enables you to share data across devices, so you don't have to worry about overages for each device. Plum also provides capped plans with a limit of your choosing to meet your business's data needs and preferences.

## Plum Plan Offerings

- Mobile Data Services: Perfect for sensors, devices, assets tracking, broadband and more.
- Fixed Wireless Services: Ideal for primary internet, failover, smart metering and SD-WAN needs.
