

# Enhance Your Offering With Wireless Connectivity on the T-Mobile Network

Plum's Solutions program connects your products and services on America's Largest 5G Network. As part of T-Mobile Wholesale, Plum serves as the carrier of record, allowing companies to easily incorporate cellular data and voice services into their offering with scalability. Partners benefit from Plum's knowledge, expertise and successful track record in the wireless industry, helping them bring their enhanced offerings to the market.

## Equip Your Clients With Customized Wireless Connectivity

Plum's Solutions program provides the tools and support to connect your business. Plans allow you to bundle voice, SMS and data services with business and consumer products to provide a seamless user experience. Effortlessly manage your connections through our management portal so you can invest more time back into your business.

Plum helps make your wireless setup and maintenance easy, delivering the agility you need to ensure success.
